ANDREA REICHHART

● Andrea Reichhart is an abstract artist living in Germany. Her style is very much influenced by her musical career as a jazz singer and songwriter. She approaches art like she sings jazz in her unique way: intuitively, playfully and completely present to what she feels in the moment.

● Inspired by the beauty of simplicity she creates paintings with a focus on minimalism and a modern, bold expression. Since her start on the art scene in 2024 she collaborated with established art galleries exhibiting her work in Madrid, Zurich, at Monaco International Art Fair and received the 2024 Woman Art Award in Barcelona by MUSA International.

Andrea continues to exhibit internationally in 2025 at Art World Fair Paris and Red Dot Miami.

“My creative compass is the underlying beauty I see in raw shapes. Once I pick up the brush I deeply trust the process of creation. Exploring the unfolding shapes, the flowing lines, the washed hues, I also seek for a feeling of space and expanse. So stepping back and taking my time is key for creating a unique piece of art.” - Andrea Reichart

“I love the charisma and expressiveness a single black, bold brushstroke holds. Just like improvising in jazz I get fully present, take a deep breath and put all the energy in that line. I strive for being as authentic and fresh in my work as possible. In my experience as an artist it’s this energy, that creates a connection with other people and inspires them to see and feel beyond the usual.” - Andrea Reichart
